

Intent, Implementation and Impact Statement

Our intent is to provide an all-inclusive curriculum with high-level specialist's provision and interventions to support the four board areas of our pupils needs.

- Communication and Interaction
- Cognition and Learning
- Social, emotional, and mental health
- Sensory and/or physical, medical and/or personal care

The implementation of our curriculum is centred on our current cohort of pupils. Pupils' individual timetables reflect on their own specific needs and their EHCP long term outcomes, alongside formal and/or semi-formal learning programmes.

The impact will enable pupils to make personal progress where they can learn and do more. To prepared for adulthood by achieving meaningful, independent living skills, where they can make informed choices and be valued members of their community.
