1. Introduction and Ethos

Every child deserves the best possible start in life and the support that enables them to fulfil their potential. Children develop quickly in the early years and a child's experiences between birth and age five have a major impact on their future life chances. A secure, safe and happy childhood is important in its own right.' (EYFS Development Matters 2021)

Staff working with children at Llewellyn School are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned.

Sara and Natalie believe that all those directly involved within our setting have an essential role to play in making it safe and secure. Our setting aims to create the safest environment within which every child can achieve their full potential and we take seriously our responsibility to promote the welfare and safeguard all the children and young people entrusted to our care.

As part of the safeguarding ethos of the setting we are committed to:

- Maintaining children's welfare as our paramount concern
- Providing an environment and culture in which children feel safe, secure, valued, and respected, confident to talk openly and sure of being listened to
- Developing appropriate and positive relationships between children and the adults that care for them
- Providing suitable support and guidance so that children have a range of appropriate adults who they feel confident to approach if they are in difficulties
- Using learning opportunities to increase self-awareness, self-esteem, assertiveness, and decision making. This is so that young children develop a range of contacts and strategies to ensure their own protection and understand the importance of protecting others
- Working with parents/carers to build an understanding of the setting's responsibility to ensure the welfare of all children including the need for referral to other agencies in some situations
- Ensuring all staff have regular and appropriate training (including induction) to enable them to recognise the signs and symptoms of abuse and ensure they are aware of the setting's procedures and reporting mechanisms
- Monitoring children who have been identified as 'in need' including the need for protection, keeping confidential records which are stored securely and shared appropriately with other professionals.
- Developing effective and supportive liaison with other agencies.

Llewellyn School adheres to the KSCMP Safeguarding Children Procedures. The full KSCMP procedures document and additional guidance relating to specific safeguarding issues can be found on the KSCMP website: www.kscmp.org.uk

The way the setting is currently operating in response to coronavirus (Covid-19), however, our safeguarding principles in accordance with KCSIE 2022 and related government guidance, remain the same. We will continue to follow government guidance and will amend this policy, as necessary.

We acknowledge that some children may return to the setting having been exposed to a range of adversity and trauma including bereavement, anxiety and in some cases increased welfare and safeguarding risks. We will work with local services (such as health and the local authority) to ensure necessary services and support are in place to support children and their families.

- protecting children from maltreatment.
- preventing impairment of children's mental and physical health or development.

They will not receive details of individual children's situations or identifying features of families as part of their oversight responsibility.

6. Responsibilities

6.1. All staff

- The EYFS Development Matters 2021 requires providers 'to take all necessary steps to keep children safe and well' and accordingly, everyone involved in the care of young children has a role to play in their protection. All members of staff in the setting are part of the wider safeguarding system for children and are in a unique position to observe any changes in a child's behaviour or appearance.
- All members of staff have a responsibility to identify children who may be in need of extra help or who are suffering, or are likely to suffer, significant harm. All members of staff have a duty of care to take appropriate action and work with other services as needed.

6.2 The Designated Safeguarding Lead (DSL)

- The EYFS Development Matters 2021 states; 'a practitioner must be designated to take lead responsibility for safeguarding children in every setting'. The **Lead DSL is Sara Llewellyn**, whose

responsibility it is to ensure all legal requirements are met, have appointed an appropriately qualified and experienced Designated Safeguarding Lead (DSL) to fulfil this role in our setting.

- Llewellyn School is committed to ensuring that the DSL is properly supported in being able to carry out this role fully, including providing them with appropriate time and resources away from other job commitments.
- The DSL has overall responsibility for the day-to-day oversight of safeguarding and child protection systems in Llewellyn School. Whilst the activities of the DSL may be delegated to the deputies, the ultimate lead responsibility for safeguarding and child protection remains with the DSL and this responsibility will not be delegated.
- The DSL will undergo appropriate and specific training to provide them with the knowledge and skills required to carry out their role. Deputy DSLs are trained to the same standard as the DSL. The DSL and any deputy DSLs training will be updated formally every two years, but their knowledge and skills will be updated through a variety of methods at regular intervals and at least annually.
- Safeguarding Leads will keep the staff updated through regular staff meetings, staff training sessions and e-mail updates as necessary.
- The DSL (and deputy) will be provided with sufficient time so they can provide appropriate support to staff and children regarding any new safeguarding and welfare concerns following Covid-19. This may include handling of referrals to integrated social care and working with other agencies where appropriate.

It is the role of the DSL to:

- Act as the central contact point for all staff to discuss any safeguarding concerns
- Maintain a confidential recording system for safeguarding and child protection concerns
- Coordinate safeguarding action for individual children
When supporting children with a social worker or looked after children the DSL should have the details of the child's social worker.
- Liaise with other agencies and professionals in line with WTSC 2018 and KCSIE 2022.
- Ensure that locally established procedures as put in place by the three safeguarding partners (KSCMP), including referrals, are followed, as necessary.
- Represent, or ensure the setting is appropriately represented at multi-agency safeguarding meetings (including Child Protection conferences)
- Manage and monitor the settings role in any multi-agency plan for a child.
- Ensure adequate and appropriate DSL cover arrangements in response to any closures and out of hours and/or out of term activities.
- Ensure all staff access appropriate safeguarding training and relevant updates in line with the recommendations within EYFS Development Matters 2021 and KCSIE (2022)

6.3 Llewellyn School Governors.

Llewellyn School has some external members of the team such as School Governors:

Educational: David Dalton

Community: Michelle Palmer

Finance: Gary Fairhall

Safeguarding/Health and Safety: Jann Gilliland

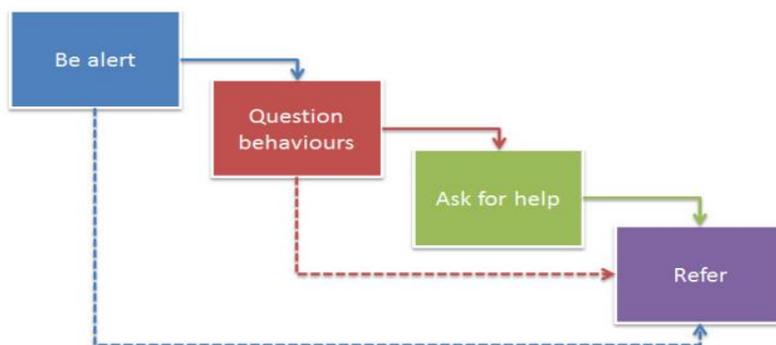

The school Governors of the school have an overarching role in working alongside the School Leader/CEO in ensuring that policies, procedures and training within the school is effective and compliant with the law. Jann Gilliland, has a more specific role in safeguarding, health and safety who comes in periodically to ensure that risk assessments and safeguarding policies are reviewed, kept up to date and being followed correctly.

7. Recognising Indicators of Abuse and Neglect

- All staff in Llewellyn School are made aware of the definitions and indicators of abuse and neglect as identified by Working Together to Safeguard Children (2018), EYFS Development Matters 2021 and Keeping Children Safe in Education 2022. This is outlined locally within the [Kent Support Levels Guidance](#).

If staff have any concerns, they are aware to report to the Safeguarding team. The DSL will then assess and advise if there is a cause for concern, or whether an incident report needs to be raised or if referral to agencies via the Front Door etc as appropriate. Staff are also aware that they can do their own referral via the Kent Support Level guidance if necessary.

- Llewellyn School recognises that when assessing whether a child may be suffering actual or potential harm there are four categories of abuse:
 - Physical abuse
 - Sexual abuse
 - Emotional abuse
 - Neglect
 - For further information see Appendix 1.
- All members of staff are expected to be aware of and follow this approach if they are concerned about a child:

'What to do if you are worried a child is being abused' 2015

- Members of staff are aware that concerns may arise in many different contexts and can vary greatly in terms of their nature and seriousness. The indicators of child abuse and neglect can vary from child to child. Children develop and mature at different rates, so what appears to be worrying behaviour for a younger child might be normal for an older child.
- It is important to recognise that indicators of abuse and neglect do not automatically mean a child is being abused however all concerns should be taken seriously and explored by the DSL on a case by case basis.

- Parental behaviour's may also indicate child abuse or neglect, so staff should also be alert to parent-child interactions or concerning parental behaviours; this could include parents who are under the influence of drugs or alcohol or if there is a sudden change in their mental health.
- Safeguarding incidents and/or behaviours can be associated with factors outside the Llewellyn School and/or can occur between children offsite or involve children's family members.
- Children can be at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence.
- By understanding the indicators of abuse and neglect, we can respond to problems as early as possible and provide the right support and services for the child and their family.

8. Child Protection Procedures

Llewellyn School recognises that some children have additional or complex needs and may require access to intensive or specialist services to support them.

- Llewellyn School adheres to the Kent Safeguarding Children multi-agency partnership procedures (KSCMP). The full KSCMP procedures and additional guidance relating to specific safeguarding issues can be found on their website: www.kscmp.org.uk/
- All staff are aware of the process for making request for support referrals for statutory assessments under the Children Act 1989, along with the role they might be expected to play in such assessments.
- Llewellyn School recognises that in situations where there are immediate child protection concerns identified in line with Support Level Guidance, it is NOT to investigate as a single agency but to act in line with KSCMP guidance which may involve multi-agency decision making.
- If a child is in immediate danger or is at risk of harm, a request for support should be made immediately to Integrated Children's Services (Front Door) and/or the police in line with KSCMP procedures.
- The DSL may seek advice or guidance from their Area Education Safeguarding Advisor from the Education Safeguarding Service before deciding next steps. They may also seek advice or guidance from a social worker at the Front Door service who are the first point of contact for Integrated Children's Services (ICS).
- In the event of a request for support to the Front Door being necessary, parents/carers will be informed and consent to this will be sought by the DSL in line with guidance provided by KSCMP.
 - Parents/carers will be informed unless there is a valid reason not to do so, for example, if to do so would put a child at risk of harm or would undermine a criminal investigation.
- If the DSL is not immediately available to discuss an urgent concern, staff can seek advice from the Deputy DSL. They may also seek advice from the Education Safeguarding Service or via consultation with a social worker from the Front Door. If anyone other than the DSL makes a referral to external services, they will inform the DSL as soon as possible.
- The DSL will keep all early help cases under constant review and consideration will be given to a request for support to the Front Door if the situation does not appear to be improving or is getting worse.
- If, after a request for support or any other planned external intervention, a child's situation does not appear to be improving, the DSL will consider following [KSCMP escalation procedures](#) to ensure their concerns have been addressed and, most importantly, that the child's situation improves. DSLs may request support with this via the Education Safeguarding Service.

9. Record Keeping

- All safeguarding concerns, discussions and decisions, and reasons for those decisions, will be recorded in writing on the settings safeguarding record of concern forms these forms are pink and passed in person to the DSL. A body map will be completed if injuries have been observed.
 - If members of staff are in any doubt about recording requirements, they should discuss their concerns with the DSL.
- Incident/Welfare concern forms are kept in the Safeguarding folder on the LSN drive under Safeguarding and at reception with Claire Carter. The DSL's will discuss the next steps and recorded on the system Safeguarding concerns on the LSN drive, Safeguarding folder.
- Records will be completed as soon as possible after the incident/event, using the child's words, and will be signed and dated by the member of staff. If there is an immediate concern the member of staff should consult with a DSL before completing the form as reporting urgent concerns takes priority.
- Safeguarding records are kept for individual children and are maintained separately from all other records relating to the child in the setting. Safeguarding records are kept in accordance with data protection legislation and are retained centrally and securely by the DSL. Safeguarding records are shared with staff on a 'need to know' basis only.
- All safeguarding records will be transferred in accordance with data protection legislation to the child's subsequent setting, under confidential and separate cover. These will be given to the new DSL and a receipt of delivery will be obtained.
- In addition to the child protection file, the DSL will also consider if it would be appropriate to share any information with the DSL at the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue to provide support.

10. Multi-Agency Working

- Llewellyn School recognises and is committed to its responsibility to work within the KSCMP multi-agency safeguarding arrangements. The leadership team and DSL will work to establish strong and co-operative local relationships with professionals in other agencies in line with statutory guidance.
- Llewellyn School recognises the importance of multi-agency working and is committed to working alongside partner agencies to provide a coordinated response to promote children's welfare and protect them from harm. This includes contributing to KSCMP processes as required. Such as, participation in relevant safeguarding multi-agency plans and meetings, including Child Protection Conferences, Core Groups, Strategy Meetings, Child in Need meetings or other early help multi-agency meetings.
- Staff at Llewellyn School are aware and have access to the safeguarding team in school, and the Kent support level guidance sheets with the actions to take are printed and placed in every classroom and communal areas.
- <https://www.kscmp.org.uk/guidance/kent-support-levels-guidance>

The Llewellyn School's DPO is Sara Llewellyn.
- The Data Protection Act 2018 and GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children.
- DfE Guidance on Information Sharing (July 2018) provides further detail.

12. Complaints

- The setting has a complaints procedure available to parents/carers, children and members of staff who wish to report concerns. This can be found in the Safeguarding folder in the staff kitchen.

- All staff members (including agency and third-party staff) will receive appropriate child protection training to ensure they are aware of a range of safeguarding issues. This training will take place at least annually and will include online safety.
- The Designated Safeguarding Lead and the deputy safeguarding leads, have **annual training**.

- CEO / School Leader of Llewellyn School recognises regular, planned, and accountable supervision, which is a two-way process, offers support and develops the knowledge, skills and values of an individual, group or team. We see its purpose is to monitor the progress of professional practice and to help staff to improve the quality of the work they do, thus improving outcomes for children as well as achieving agreed objectives. Supervision also provides an opportunity to discuss sensitive issues including the safeguarding of children and any concerns raised about an individual or colleague's practice.
- All staff and volunteers will receive regular and planned supervision sessions. Uninterrupted time will be set aside to ensure any supervision sessions effective for both practitioner and management. Further guidance on supervision can be found on [Kelsi](#).

We will also notify Ofsted of the action taken in respect of the allegations. Notifications will be made as soon as is reasonably practicable, but at the latest within 14 days of the allegations being made and are aware that to not do so would be an offence.

18. Peer on Peer Abuse

- All members of staff at Llewellyn School recognise that children can abuse their peers. Llewellyn School believes that abuse is abuse and it will never be tolerated. All victims will be taken seriously and offered appropriate support, regardless of where the abuse takes place.
- At the Llewellyn School, our pupils all have one to one support, and in some cases two to one. Our pupils are never unsupervised. Regular training is given to our staff in the form of online courses, refresher sessions in staff meetings with handouts given and staff training days throughout the school year to help everyone be aware of signs of peer-on-peer abuse.
- Llewellyn School recognises that even if there are no reported cases of peer-on-peer abuse, such abuse may still be taking place and is simply not being reported. We, as a school, take a zero-tolerance approach to abuse and it should never be passed off as 'banter', 'having a laugh', 'just part of growing up', or 'boys being boys' - as we know this can lead to a culture of unacceptable behaviours and an unsafe environment for children to thrive in.

Llewellyn School recognises that peer on peer abuse can take many forms, including but not limited to:

- bullying (including cyberbullying)
- physical abuse which can include hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm
- sexual violence and sexual harassment
- 'upskirting', which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress, or alarm
- sexting (also known as youth produced sexual imagery)
- initiation/hazing type violence and rituals including within gangs.

Llewellyn School recognises that the gendered nature of peer on peer abuse can be more targeted to females, but it is unacceptable to all genders.

Llewellyn School recognises youth produced sexual imagery (also known as "sexting") as a safeguarding issue; all concerns will be reported to and dealt with by the DSL (or deputy).

We will follow the advice as set out in the non-statutory UKCIS guidance: '[Sexting in schools and colleges: responding to incidents and safeguarding young people](#)' and the local [KSCMP](#) guidance: "Responding to youth produced sexual imagery".

As a school our approach is that we take zero tolerance of our students engaging in this behaviour, be it consensual or non-consensual sharing of nudes/semi-nudes - as in line with our behaviour policy and code of conduct.

Staff and leadership are mindful that some peer on peer abuse issues may be affected by gender, age, ability and culture of those involved.

All allegations of peer on peer abuse will be recorded, investigated and dealt with in line with the settings associated policies, including child protection, anti-bullying and behaviour. The Llewellyn School will collate evidence from staff and pupils as appropriate. Pupils will be spoken to if appropriate, and reflections with the pupils will be taken. Then if needed, potentially there could be amendments made to Behaviour Support Plans in school to incorporate any plans/actions as needed.

Alleged victims, perpetrators and any other child affected by peer on peer abuse will be supported by:

Sara Llewellyn School Leader / Natalie Lovelock Deputy Head / Sue Maudlin Quality & Curriculum Manager. Front door services will be called.

19. Mental Health

All staff will be made aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Staff are aware of how children's experiences, can impact on their mental health, behaviour, and education.

Staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken by speaking to the DSL or a deputy.

20. Safeguarding Children with Special Educational Needs and Disabilities

Llewellyn School acknowledges that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges/barriers as they may have an impaired capacity to resist or avoid abuse. They may have speech, language and communication needs which may make it difficult to tell others what is happening. The Llewellyn School also recognises that additional barriers can exist when we are recognising signs of abuse and neglect in children with SEN and disabilities.

The DSL will work closely with the Deputy DSL to plan support as required.

Llewellyn School will ensure that children with SEN and disabilities, specifically those with communication difficulties will be supported to ensure that their voice is heard and acted upon.

All members of staff will be encouraged to appropriately explore possible indicators of abuse such as behaviour/mood change or injuries and not to assume that they are related to the child's disability and be aware that children with SEN and disabilities may not always outwardly display indicators of abuse. To address these additional challenges, our setting will always consider extra pastoral support for children with SEN and disabilities.

21. Online safety

All staff have completed online safety training.

It is recognised by Llewellyn School that the use of technology presents challenges and risks to children and adults both inside and outside of the setting.

Llewellyn School identifies that the breadth of issues classified within online safety is considerable, but can be categorised into three areas of risk:

content: being exposed to illegal, inappropriate, or harmful material; for example, pornography, fake news, racist or radical and extremist views

contact: being subjected to harmful online interaction with other users; for example, commercial advertising as well as adults posing as children or young adults

conduct: personal online behaviour that increases the likelihood of, or causes, harm; for example, making, sending and receiving explicit images, or online bullying.

Llewellyn School will empower, protect and educate the whole community in their use of technology and establish mechanisms to identify, intervene in, and escalate any incident where appropriate.

The DSL has overall responsibility for online safeguarding within the setting but will liaise as necessary with other members of staff or support.

Llewellyn School uses a wide range of technology. This includes computers, laptops, tablets and other digital devices, the internet, ALE the computer technical provider ensure that our emails are safe. All setting owned devices and systems will be used in accordance with our acceptable use policies and with appropriate safety and security measures in place.

Llewellyn School recognises the specific risks that can be posed by mobile technology, including mobile phones and cameras. In accordance with EYFS Development Matters 2021, Llewellyn School has appropriate policies in place that are shared and understood by all members of the community.

Further information reading the specific approaches relating to this can be found in our Mobile Technology, Online Safety, Acceptable Use and Social Media Policy which can be found in the staff kitchen in the policy folder.

Llewellyn School will do all we reasonably can to limit exposure to online risks through our IT systems and will ensure that appropriate filtering and monitoring systems are in place. Our pupils are all supported when they access ICT, all PC's are password protected, internet safety is promoted throughout the curriculum, our values and our assemblies. Pupils are supported to be safe always.

UK Safer Internet Centre has published guidance as to what "appropriate" filtering and monitoring might look like.

If learners or staff discover unsuitable sites or material, they are required to inform a member of the SLT immediately- Tania Horn / Natalie Lovelock / Sue Maudlin who will bring to the attention of Sara Llewellyn who will contact the IT company, the PC will be decommissioned until it is safe.

All users will be informed that use of our systems can be monitored, and that monitoring will be in line with data protection, human rights, and privacy legislation.

Filtering breaches or concerns identified through our monitoring approaches will be record and reported to the DSL (or deputy), Manager and technical staff as appropriate. Any access to material believed to be illegal will be reported immediately to the appropriate agencies, such as the [Internet Watch Foundation](#) and the police.

Llewellyn School acknowledges that whilst filtering and monitoring is an important part of our online safety responsibilities, it is only one part of our approach to online safety.

Children will be directed by staff to use appropriate search tools, apps and online resources as identified following an informed risk assessment.

Children's internet use will be directly supervised by staff.

Llewellyn School will ensure provide age-appropriate online safety education to children to as part of providing a broad and balanced curriculum. DSLs and managers may find it helpful to access UK Council for Internet Safety (UKCIS) '[Education for a Connected World Framework](#)' and DfE '[Teaching online safety in school](#)' guidance.

Llewellyn School will build a partnership approach to support parents/carers to become aware and alert to the need to keep early years children safe online by:

- Keeping themselves updated with our website and policies www.thellewellyn.school.

Llewellyn School will ensure that online safety training for staff is integrated, aligned, and considered as part of our overarching safeguarding approach.

The DSL will respond to online safety concerns in line with the child protection and other associated policies.

Internal sanctions and/or support will be implemented as appropriate.

Where necessary concerns will be escalated and reported to relevant partner agencies in line with local policies and procedures.

22. Educational Programmes and Staying Safe

Llewellyn School recognises that children learn best when they are healthy, safe and secure, when their individual needs are met, and when they have positive relationships with the adults caring for them. Our setting will provide a welcoming, safe and stimulating environment where children can enjoy learning and grow in confidence.

We recognise that early year's settings play an essential role in helping children to understand and identify the parameters of what is appropriate child and adult behaviour; what is 'safe'; to recognise when they and others close to them are not safe; and how to seek advice and support when they are concerned.

The Llewellyn School will provide age-appropriate educational programmes and opportunities to enable early years children to develop self-awareness, self-esteem, social and emotional understanding, assertiveness, and decision making so that they have a range of contacts and strategies to ensure their own protection and understand the importance of protecting others, including online.

Systems have been established to support the empowerment of children to talk to a range of staff. Children at Llewellyn School will be listened to and heard, and their concerns will be taken seriously and acted upon as appropriate.

23. Security

All members of staff have a responsibility for maintaining awareness of buildings and grounds security and for reporting concerns that may come to light. Staff will be expected to adhere to any safety arrangements implemented because of Covid-19.

Appropriate checks will be undertaken in respect of visitors and volunteers coming into the setting as outlined within guidance. Visitors will be expected to, sign in and out via the office visitors log and to display a visitor's badge whilst on site. Visitors will be expected to adhere to any safety arrangements implemented because of Covid-19.

Any individual who is not known or identifiable on site should be challenged for clarification and reassurance.

The setting will not accept the behaviour of any individual (parent or other) that threatens the settings security or leads others (child or adult) to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the setting site.

24. Local Support

Appendix 1: Categories of Abuse

All staff should be aware that abuse, neglect, and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with one another.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. They may be abused by an adult or adults or another child or children. It should be noted that abuse can be carried out both on and offline and be perpetrated by men, women, and children.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Signs that MAY INDICATE Sexual Abuse

- Sudden changes in behaviour and school performance
- Displays of affection which are sexual and age inappropriate
- Self-harm, self-mutilation or attempts at suicide
- Alluding to secrets which they cannot reveal
- Tendency to cling or need constant reassurance
- Regression to younger behaviour for example thumb sucking, playing with discarded toys, acting like a baby
- Distrust of familiar adults e.g. anxiety of being left with relatives, a child minder or lodger
- Unexplained gifts or money
- Depression and withdrawal
- Fear of undressing for PE
- Sexually transmitted disease
- Fire setting

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning, or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Signs that MAY INDICATE physical abuse

- Bruises and abrasions around the face
- Damage or injury around the mouth
- Bi-lateral injuries such as two bruised eyes
- Bruising to soft area of the face such as the cheeks
- Fingertip bruising to the front or back of torso
- Bite marks

- Burns or scalds (unusual patterns and spread of injuries)
- Deep contact burns such as cigarette burns
- Injuries suggesting beatings (strap marks, welts)
- Covering arms and legs even when hot
- Aggressive behaviour or severe temper outbursts.
- Injuries need to be accounted for. Inadequate, inconsistent, or excessively plausible explanations or a delay in seeking treatment should signal concern.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Signs that MAY INDICATE emotional abuse

- Over reaction to mistakes
- Lack of self-confidence/esteem
- Sudden speech disorders
- Self-harming
- Eating Disorders
- Extremes of passivity and/or aggression
- Compulsive stealing
- Drug, alcohol, solvent abuse
- Fear of parents being contacted
- Unwillingness or inability to play
- Excessive need for approval, attention, and affection

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy because of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Signs that MAY INDICATE neglect.

- Constant hunger
- Poor personal hygiene
- Constant tiredness
- Inadequate clothing

- Frequent lateness or non-attendance at School
- Untreated medical problems
- Poor relationship with peers
